A Time of Change...

The Allegheny Community Center (ACC) was born from a vision that included a change from multiple senior centers to one more centralized facility. Although it was difficult to go through that transition, it made sense for financial reasons and turned into a wonderful facility. We are once again facing budget deficits that cause us to reevaluate what we can afford. Experience, Inc. Warren/Forest Area Agency on Aging has operated the ACC “in the red” for 3 straight years. The money we get from the State has been flat funded for many, many years, and as costs have risen, there has been no increase in funding to match them for senior center operation. We have tried to support the ACC from other income sources. But those resources have declined significantly throughout the last several years and will continue to do so in the coming years. We also used money from our cash reserves to help cover operational costs of the center each budget cycle, but we can’t do that year after year and not experience the repercussions of having a harmfully low “savings”.

As the Baby Boomer generation ages into the 60 plus range at the rate of 10,000 people per day in our country, the dollars to support Aging Services are being stretched more and more thin. We are asked every year to do more with less money. We all know and understand there is much value in having a center for folks to go socialize, exercise, attend health & wellness forums and get a nutritious meal. We don’t want to lose sight of that as we approach this time of change. We know we can no longer afford our space as it currently exists due to our budget. It is a beautiful center and TAWC has been a wonderful partner throughout the past 6 years. We are simply living above our means with our current financial situation. We have to look for space that fits our budget. It is nothing that makes anyone happy, but we also realize we can only afford what we can afford. We need to band together during this time of change and make the best out of a trying situation. We appreciate your support and understanding as we tackle this difficult challenge.

It is observed on the third Monday of January each year, which is close to January 15, the King's birthday.

King was awarded the Nobel Prize for Peace in 1964. He was assassinated on April 4, 1968.
